SPANIARDS AND
SILICON VALLEY
Unlocking Amazing Career Opportunities for
Spanish Software Engineers

WHY?

A **world of opportunities** is waiting for Spanish Engineers in **Silicon Valley**

Amazing **companies** which develop top-notch **technology** **need more talent**...

... but normally it is **pretty hard** to access these opportunities.

Candidates need:

- **Referrals** to access the interviews
- **Preparation** for non-trivial coding and algorithm questions
- **Motivation** to know it is possible to develop great tech careers

WHAT?

Spaniards And SV is a **non-for-profit** organization …

…which organizes a **6-week mentorship program…**

…to enable Spanish students to **get internships at US tech companies**

HOW? (I/II)

We **already** have a set of “pre-work” material on our webpage and we will launch **coding challenges**

NOW!

May 2019

Interested students need to **submit** their **application**, with their **CV** and a **coding challenge**

The **best candidates** will be selected for a phone screening and the future **mentorship program**

June 2019

HOW? (II/II)

June 2019

For **6 weeks**, mentees and mentors will work together with **mock interviews**, resume **reviews**, **feedback** and more feedback

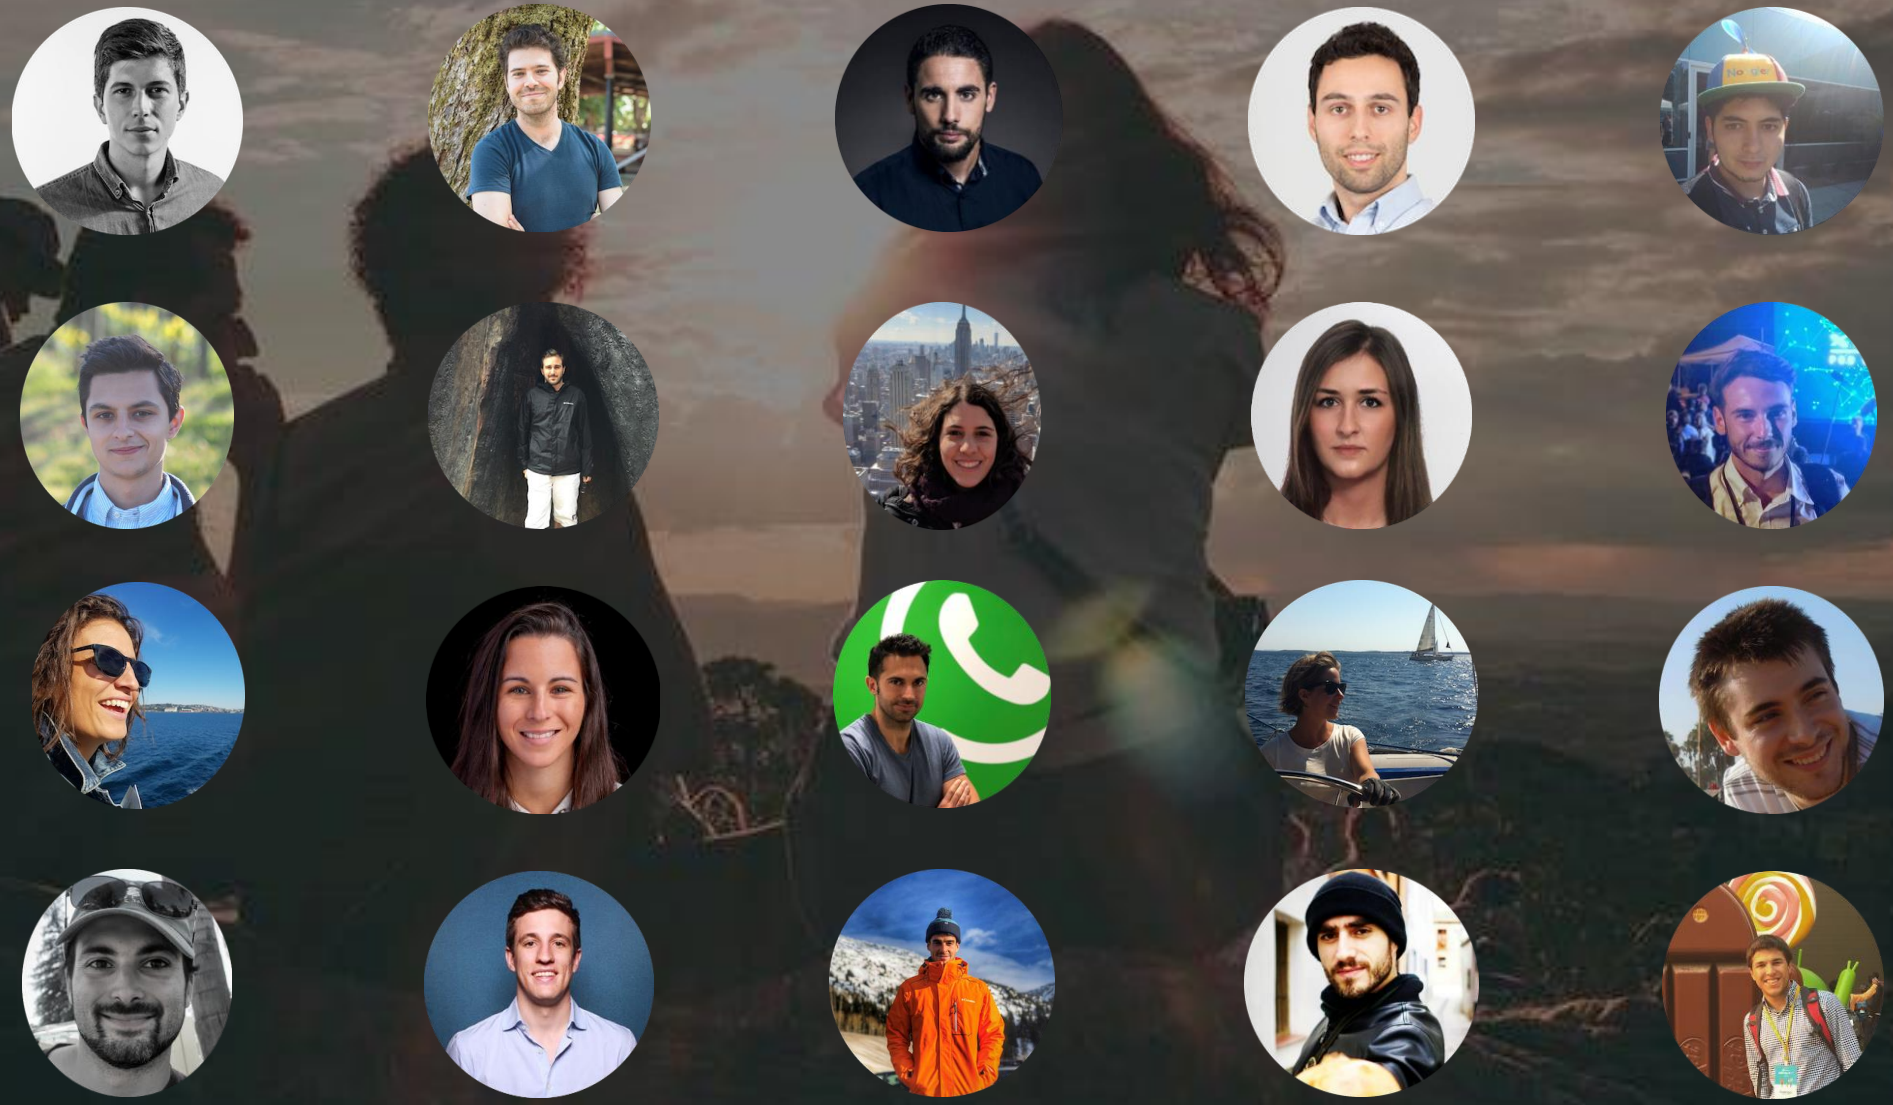
September 2019

Mentors will then make a **referral** to their mentees so they can **get an interview** at companies including **Facebook**, **Amazon** or **Google**

Summer 2020

Finally, candidates will **have a real chance** to land an amazing **internship** for **Summer 2020** at one of these top companies!

WE ARE ALREADY MANY VOLUNTEERS…



…AND YOU CAN HELP US

MENTOR

If you **already work in a tech company** and want to help others make it as well, this is your opportunity to **“give back”**

AMBASSADOR

If you are a current or former **student** and can help us get in touch with **universities** and associations, become an **ambassador**

SPREAD THE WORD

If you have **friends** studying **Computer Science or similar**, tell them or if you just have an Instagram / Facebook account, **share** it with your friends
